#### **Full Description**

# New house with all amenities in the typical local style in a stunning location with great views!

The Casa de Barragem is a recently constructed 85 m<sup>2</sup> house with a subterranean garage and 1,400 m<sup>2</sup> of walled land, ideally located 1.5 km from the popular, small market town of Pedrógão Grande and less than a one-minute walk to the beautiful Cabril lake.

The house is connected to mains electricity and water and has been made to the highest standards. It is very well insulated throughout. The cavity walls are double brick and stone. All doors and windows are double-glazed and made from chestnut wood.

Inside are 2 bedrooms, 2 bathrooms (one with shower and bathtub, the other without bathtub), a lovely large  $48 \text{ m}^2$  mezzanine with 4 Velux roof windows and an oak wood staircase, plus a spacious kitchen / diner. All pipework etc. is installed for the kitchen but the actual kitchen units etc. are to be chosen and paid for by the buyer. We will be happy to help with the process of buying and fitting.

There is engineered oak wood flooring throughout and all the pipework for central heating is in place. With all the wood and natural light, the house has a very nice feel to it.

The subterranean 85 m<sup>2</sup> garage has an electric door. It's a very big space that would serve not only for cars but for storage as well.

All around the house is cobbled and there's a huge terrace / parking area with flower beds and electric entrance gates.

Directly in front of / below the house are lots of great orange and tangerine trees. There are also lemons, cherries, plums, sharon fruit, and others.

The land size is  $1,400 \text{ m}^2$  and the property is completely walled, easy to maintain and at the same time it is plenty big enough for any vegetable growing etc.

The location is great with very good sun exposure and it's very quiet and peaceful. The stunning Cabril lake is less than a one-minute walk so it's great for a swim in summer. There are tracks around the lake so it's also nice for good walks. There is also a super restaurant / bar on the waterfront some 2 to 3 minutes from the house.

This property is a great opportunity and wonderfully located.
